

Don't give the keys to the henhouse to the Bell foxes. Competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of one bell and one cable company. Competition in the American Telecom marketplace will not be encouraged, it will be destroyed. ISPs and CLECs will die, consumers will be bereft of choice and the FCC will be entirely to blame for the debacle. JUST SAY NO! Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country.
